AGRICULTURE.

"BEEF GRADING ACT."

REGULATIONS.

PURSUANT to the provisions of section 3 of the "Beef Grading Act," being chapter 4 of the Statutes of British Columbia, 1937, His Honour the Lieutenant-Governor in Council has been pleased to rescind all regulations heretofore made under the said Act and to approve the following regulations:—

1. In these regulations, unless the context otherwise requires:—

"Act" means the "Beef Grading Act":

"Area" means the Cities of New Westminster, North Vancouver, and Vancouver; and the Municipalities of Burnaby, West Vancouver, and the District of North Vancouver:

"Brand" means any mark, stencil, stamp, or label placed on beef for the purpose of designating grade:

"Frozen beef" means beef that has been subjected to refrigeration sufficient to congeal the body-fluids, and "frozen" has a corresponding meaning:

"Inspector" means any Inspector appointed by these regulations:

"Minister" means Minister of Agriculture:

"Official standard" means the grade of beef as prescribed by these regulations.

2. The following grades for beef are established:—

Grade A (Choice—Red Brand).—This grade shall include only choice carcasses of steers and heifers having the following characteristics: Excellent conformation, finish, and quality. The carcasses shall be relatively short and blocky, heavily and uniformly fleshed throughout. Rounds, loins, and ribs shall be very well developed; chucks and plates shall be very thick and heavily fleshed. The neck shall be short and well filled. Shanks shall be short and well muscled.

The flesh shall be firm, velvety, fine-grained, and of an attractive light- or cherry-red colour.

The cartilages on the chine and breast bones shall be pearly white and the bones soft and red, except that in the heavier carcasses the cartilages may be slightly ossified, and the bones slightly hardened and of a greyish-white colour.

The exterior surface of the carcass shall be covered with firm fat, white or slightly high in colour. This fat should as a rule be smooth, but may be slightly wavy.

In the case of carcasses from fed calves a lesser degree of finish is required than for heavier carcasses.

An excess proportion of fat to lean shall debar a carcass from this grade. Each carcass in this grade shall have a cold weight of not less than 300 lb.

Grade B (Good—Blue Brand).—This grade shall include only good carcasses of steers and heifers having the following characteristics: Good conformation, finish, and quality. Rounds, loins, and ribs shall be reasonably full. Chucks and plates shall be moderately thick. The neck shall be reasonably short and thick.

The flesh should be moderately firm, but a slight softness is permissible. The colour may range from a light cherry red to a slightly darker red, but shall not be excessively dark.

The cartilages on the chine and breast bones should be pearly white and the bones soft and red, except that in the heavier carcasses the cartilages may be slightly ossified, and the bones slightly hardened and of a greyish-white colour.

The fat covering shall extend well over the exterior surfaces, but may be somewhat lacking on the neck and lower parts of the rounds, shoulders, and shanks. The hips and shoulder points may be slightly visible. The fat covering should be reasonably firm, smooth, and white, but may be somewhat soft or have a yellowish tinge.

In the case of carcasses from fed calves a lesser degree of finish is required, as in Grade A.

An excess proportion of fat to lean shall debar a carcass from this grade. Each carcass in this grade shall have a cold weight of not less than 300 lb.

Grade C.—This grade shall include only carcasses of steers, heifers, and cows.

Carcasses shall have the following indications of youth: Hind quarters shall have cartilage on the tips of the lumbar vertebræ, or a red line where the capping cartilage was present, indicating that ossification was only recently completed. On the front quarters, while there may be considerable ossification, some pearl-like cartilage must be in evidence on the tips of the dorsal vertebræ and on the sternum bone.

Carcasses of steers and heifers shall have the following characteristics in addition to the above-required indications of youth: Carcass relatively long in proportion to its width and inclined to be slightly angular; hip and shoulder joints noticeable but not prominent; ribs, loins, and rounds moderately thick; the fat covering extended well over most of the exterior surface, but may be rough, wavy, or wasty at the hook-bones and tail-end; fat shall be firm, but may have a yellowish tinge; flesh moderately firm, but may be slightly soft.

Carcasses of cows shall have the following characteristics in addition to the above-required indications of youth: Beef-type conformation, good finish, and quality; rounds thick; loins may be somewhat flat; rib, chuck, plate, and brisket moderately thick; hip and shoulder joints slightly prominent, but well covered; exterior fat extending well over the carcass without excessive waste or patchiness; fat firm, creamy to yellowish in colour; flesh firm, fine-grained, and of good colour.

Grade D.—Class 1: This class shall include only the carcasses of steers and heifers having the following characteristics: Conformation

may be somewhat rangy, angular, and irregular; the rounds, loins, and ribs may be thinly fleshed, providing there is a medium proportion of meat to bone; there shall be at least a light fat covering over the ribs and loins; the flesh may be dark in colour.

Class 2: This class shall include only the carcasses of cows having the following characteristics: Of medium to good quality, not eligible for C Grade; carcasses shall be fairly well fleshed on the hips, steak-pieces, and chucks, with an exterior fat covering over the loins and ribs, extending at least moderately well over the chucks and rounds, providing that somewhat less covering is acceptable in carcasses having indications of youth. Excessively fat and patchy carcasses may be included if well trimmed, leaving a fair proportion of lean to fat.

Class 3: This class shall include only cow carcasses not eligible for Class 2, but above "Canner and Cutter" quality. The requirement with respect to the acceptance of excessively fat and patchy carcasses as specified for Class 2 shall also apply to this class.

Grade M (Manufacturing).—This grade shall include only carcasses of steers, heifers, or cows. Cow carcasses constitute a large proportion of the beef eligible for this grade.

The quality shall be below that specified for D Grade, and for the most part shall include beef not suitable for sale as carcasses. There may be a large proportion of bone to flesh and exterior fat covering may be absent.

Grade S (Stags and Bulls).—This grade shall include only the carcasses of stags and bulls.

3. The following brands for the respective grades of beef are established:—

For Grade A—the letter "A" in red.

For Grade B—the letter "B" in blue.

For Grade C—the letter "C" in brown.

For Grade D—the letter "D" in brown.

For Grade M—the letter "M" in brown.

For Grade S—the letter "S" in brown.

4. Any Inspector may grade beef in accordance with the official standards.

5. No Inspector shall grade beef unless the animal has been inspected before death and the carcass inspected after death, and unless both inspections have been conducted on premises properly equipped to permit of satisfactory inspection, and unless the carcass is stamped as approved by the Health of Animals Branch of the Dominion Department of Agriculture, or by an official of any city or municipality designated by such city or municipality with the approval of the Minister for the purpose of inspecting or approving beef.

6. When beef has been graded by an Inspector, the owner of the beef shall, in accordance with the directions of an Inspector, mark the beef with the brand appropriate to the grade of beef. No person shall mark beef with any brand except in accordance with this regulation.

7. The Inspector designated for that purpose by the Minister shall have custody of the branding equipment and shall not permit any other person to have unauthorized possession thereof.

8. No person shall within the area keep for sale or sell any beef which has been frozen, unless the beef before being frozen was branded in accordance with Regulation No. 6.

9. No person shall within the area keep for sale, display for sale, or sell any beef unless the beef has been branded in accordance with Regulation No. 6.

10. No person shall within the area display for sale beef which has been frozen, unless he displays also a card stating that the beef has been frozen.

11. No person shall advertise beef for sale within the area unless the advertisement prominently sets forth the grade of the beef advertised; and, in the case of frozen beef, unless the advertisement also sets forth prominently

the fact that it has been frozen; and, in all cases, unless the letter designating the grade of the beef is as large and as prominent as any figure indicating the price of the beef; and unless the letter designating the grade is repeated as frequently as the price is quoted and is placed in close proximity to the price quoted, so as to link the grade letter with the price quotation.

12. Where beef is displayed for sale within the area with a price card or ticket, the person displaying the beef shall cause the card or ticket to carry the grade of the beef in letters as large and as prominent as the letters or figures indicating the price and, in the case of frozen beef, shall cause the card or ticket to bear the word "Frozen" in letters equally large and prominent.

13. No person shall within the area advertise or offer for sale any two or more grades of beef coupled together under one price quotation.

14. Where any person, by means of streamers or other display advertising, advertises beef for sale within the area, he shall cause such advertising to conform in all respects with the provisions relating to advertising contained in these regulations.

15. The following persons are appointed Inspectors to carry out the provisions of the Act and these regulations, namely: Angus A. McNeill, of the British Columbia Department of Agriculture, Vancouver, and Roy Trimble, Hector L. Ford, Harold L. Steves, and Robert G. Bruce, of the Livestock Branch of the Marketing Services of the Dominion Department of Agriculture, Vancouver.

16. Every Inspector shall within the area have, in addition to the powers conferred upon him by the Act, the following powers:—

(a) To take, remove, keep, and confiscate such portion as he may think proper or the whole of any beef carcass which, in his opinion, is not graded or branded in accordance with the provisions of the Act or of these regulations:

(b) To take, remove, keep, and confiscate any price card or ticket or display or advertising material which, in his opinion, violates the provisions of the Act or of these regulations.

17. Any Inspector may, in his discretion, by a certificate under his hand in a form prescribed by the Minister, exempt any beef carcass, and the owner thereof in respect of such beef carcass, from these regulations, and the exemption shall be subject to such conditions as are set forth in the certificate.

18. These regulations shall not apply to the keeping for sale or to the sale, within the area, of any beef carcass which is intended to be and is transported out of the area, but if such beef carcass is brought back into the area these regulations shall apply.

19. These regulations shall apply only within the area.
